A Message from the General Manager

Spring is here and I hope that everyone is enjoying the warm weather, especially after the winter that we had. I want to acknowledge the amazing job that our building staff did clearing the massive amount of snow and ice. As always, we have been diligently working behind the scenes to enhance your living experience and bring you a host of new features, services, and initiatives that will elevate our community to even greater heights. We have an open-door policy in the management office, so please reach out to us by phone, email or in person if you need our assistance.

Kelly Dorris – General Manager

TRUMP VILLAGE BUILDING ID

In May of 2026, Trump Village 3 started implementing a new identification system for all Shareholders and primary residents over the age of 16. This initiative is being introduced to enhance building security, ensure proper use of amenities, and maintain a safe and orderly environment for all TV3 residents. All shareholders and primary residents are being issued an official TV3 ID Card to be carried with them while utilizing building amenities. These amenities include, but are not limited to: Laundry Rooms, Dog Park, Fitness Center/Gym, Children's Playground, Children's Playroom, Storage Rooms, Ping Pong Room and any additional shared facilities within the property.

COMMON LOBBY UPDATES

Over the past few months, the maintenance staff has continued to improve the condition of the common lobby hallways and bathrooms. These improvements include painting with a new color scheme and updated fixtures in the bathrooms. This project will also include changes to the common lobby lighting in order to comply with NYC LL88.

LL11 FAÇADE INSPECTION AND REPAIR

In 2025, the Coop started the process of complying with NYC LL11. Our Engineer has now completed the inspection of the building façade and has started the process of filing their report with the Department of Buildings. Once filed, the Coop will have several years to complete recommended and required repairs to the building facade.

BALCONIES

Several years ago, we made significant improvements to our community by replacing the balconies. These new and upgraded balconies not only enhance the overall aesthetic appeal of our buildings but also provide a safer and more enjoyable outdoor space for residents to relax and unwind. We kindly remind everyone to refrain from placing gas or electric grills, plastic bags, rugs/floor coverings, or umbrellas on the balconies. Please also refrain from tying flags, lights, affixing planters, or any other items to the balcony railings. While it may seem like a minor concern, this simple request plays a crucial role in maintaining the cleanliness and visual appeal of our community. **Additionally, please refrain from throwing cigarette butts from balconies - cigarette butts can remain hot and if they land on flammable material, they can easily start a fire.**

ABATEMENT (ADDITIONAL EXEMPTIONS/CREDIT OPTIONS)

You may not be aware that there are other yearly tax exemptions or credits that you may qualify for in addition to the Coop Abatement and Enhanced STAR Credit. Through the New York State Department of Taxation and Finance, other possible options are The Senior Homeowners Exemption (SCHE), The Veterans Exemption, and The Disabled Homeowners Exemption (DHE). More information is available at <https://www.nyc.gov/site/finance/property/property-tax-benefits.page> or by calling 311.

COMMITTEES

With a diverse range of 12 committees to choose from, you can find a group that aligns with your interests, skills, and passions. Whether you have a knack for organizing events, a keen eye for landscaping, or a passion for fostering community engagement, there is a committee waiting for your valuable input. Becoming a committee volunteer is not only a chance to contribute to the growth and betterment of our community, but it also provides an avenue for personal and professional growth. By joining a committee, you can meet like-minded individuals, expand your network, and gain valuable experience in various areas of community development.
